4–6 June 2024, Moscow, Expocentre Fairgrounds, Pavilions 3 and FORUM Wire and Cable Trade Fair in Russia

The exhibition “Wire Russia” is an obligatory item in the business calendar of specialists of all enterprises working in the sphere of production, processing and sale of cable, wire and hardware products

- “Wire Russia” is the key exhibition event in the Russian Federation in the industry
- “Wire Russia” represents the entire chain of the wire and cable manufacturing industry: machines and plants for wire processing and improving wire properties, tools and auxiliary materials for production technology, fiberglass, fasteners and technical springs, materials, special wire and cable, machinery for measuring, control and testing, control technology and specialized areas, software and various services for the wire and cable industry, wire and wire products.

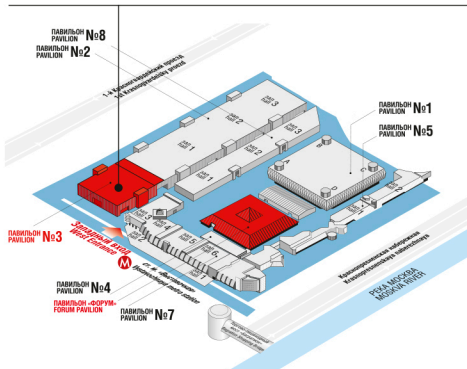

■ The main sections of the exhibition:

- Equipment for the production of wire and cable products, fasteners and springs
- The technological tool
- Machinery for the processing of rods, wires and strips
- Auxiliary materials for technological processes
- Materials, wires and cables of special purpose
- Control and measuring instruments
- Software and various services for the wire and cable industry

- In 2023, the exhibition “Wire Russia” was held in parallel with the exhibitions “Metallurgy Russia”, “Litmash Russia” and “Tube Russia”. About 300 companies took part in the exhibition quartet. Traditionally there were national participations from Germany, Italy and Turkey.

- 8000 visitors were registered at the exhibitions in 2023.
